About Us

When you choose Prodigy, you'll not only be getting the best products at the most competitive prices, you'll also be working with people who care deeply about doing things the right way. Our employees and artisans are like family to us, and our commitment to phenomenal customer service is second to none.

OUR PRODUCTS

Prodigy Cabinetry offers our clients over 700 cabinet SKUs with options to modify. That's a lot of choices, but our philosophy can be summed up in a single sentence:

Simplicity in design, at a price that meets your budget.

Our cabinets and cabinet doors give you what you need in a kitchen or bathroom without costly customizations or long lead times.

You can order from four different box styles. The base pricing for the Signature and Classic Series is the same, as is pricing for the PRO-Series and PrismBox.
